Waiting

You coming in mine
There and here doing find
Come on o my beloved
Doing feel you every night
Searching your face in moon
My spirit is being cool
My eyes being fool
Not passing my time
You circling in my mind
You're thought speaking in eyes
Everywhere so beautiful site
You living in my heart
The season becoming hot
My passion calling you
Let you listen my one talk
Writing your name in heart
Without you beating my heart
For you increasing my thoughts
You coming in my arms

3

Love and thought

Beauty of her as beyond
Can't imaging face of lord?
How feel her my love
So conceal her face in moon
Saying her my all passions
She coming, speaking my imaginations
Then my love, why she ignore
Without her, my love has lost
Looking dreams of her
Imagines face of her
Would to die in her love
If doesn't accept my love
Your love is metaphor
I see you heart's in door
You come I feel you
Without you I no more

4

My love

You and me same with
Beautiful will be night
Shining the face as moon
Hands in your hand
What is this beauty of site?
So heaven is this place
You are beauty of queen
Do light full of heart
You come for me
So gift from God
Let you come in my arms
Of Love we start
Kissed your lips
Once you look in my eyes

5

O my queen

Looking my wealth
Going from death
Can’t live without you
I love you so much
Uncomfortable I feel
Without o my beloved
O my queen of heart
Let’s you once again come
I feel alone
Let me you hug
I see in your my world
Without you world is end
New Year is come
Where is my beloved
Searching in every face
Couldn’t find to Her

Transcendental reason

Life exist in world
Not stop, death and time
Issued the life whole in life
Stay in here we can’t always
Soul and body have differ mind
Everyone go and come
The life has four jump
Kids, youth and old age are death
The live doesn’t again com
The wisdom happiness sadness in life
Not alive better than happiness
To find in like happiness always
Don’t live together brain and mind
To think about in every things in world
Not take part we out of world
The man struggle to live here
But couldn’t find out to God

7

Your lips as petals of rose
As apple your cheeks both
You live near with me
When I walk lonely on road
To walk with me step by step
When walk your behind I stop
Your words touch my heart
Have made my heart special host
When I see you, will take in arms
In your love, would be lost
Come on, let do meet me
At least you come in my house
Many people face my
When do call on your phone
I really feel pleasure with you
My emotions why doing bond

13

Miss you

When you reach with me

Then body is freeze
Come you with me
And would see my health
Lonely walk on the road
When I see you I stop
To wish see your face
Then you walk with me

14

Exist in Body

I’m dying, for your love
Who will make for my Dove?
I say to air every day
My feeling for you lacks above
You think me ones again
Then I have memories chain
I set you name every breath
I around daily in your street
Told you my feeling of heart
Then you hear my every talk
In lonely I speech with walls
In every tears I see you snap
Please you meet me once again
You accept invitation my love

15

On Lips

In the rain everywhere strange
I looking you in every face
You and me both together

Looking you in every tear
Why are you darling coming late
When you flow in my blood
Then you made my fate
When I close my eyes
You around in my brain
You live in my spirit
On my lips coming your name

16

Write you letter

Love and life not live together
Every moment as change weather
Staying on earth this love
No anyone think about this matter
Love is in mind everyone
On here but not better
Flying love in every dreams
In open eyes send the letter
Write a letter daily for you
With you wish to live together
Where I find you my love
To write to God I'm your lover
Let you stop, you looking at me
In your love, please me cover

17

Exist in my Soul

When I kiss you, you feel beyond
All my passions, in you bond
You and I are equal to one
When I touch open as rose
You live in my mind every memory
To and fro you do around
You stop, please come in my arms
Wish to exist in your soul
Day and night you come in dreams
I feel you in day so long
How I contact with you my love
Why doing my brain you block
Thirst my eyes for looking you
In my mind, memories have to stock

18

Far to Life

No anyone in my life
Then want that would die
The people scream in pain
Want go far to life
Write a letter to every day
Butt not reached my voice
Ever gave some happiness
Biting as snake in night aloneness
Eyes count stars on the sky
Then remember you, weep eyes
So I lost in your memories
When you stay in my mind
Tears flow as like rain
Seems your face as slide

19

Meaningless love

When you do shy
In air, you fly
Your now younger age
Then everyone dies
You stay in every heart
But you fly on the sky
When see babe I disturb
In my heart, daily I try
Seem in dreams every night
When you make my wife
Tell me what you think
In my eyes your face, I dye
Stop you, hear a thing my
Don’t I tell a lie?
Run my foots towards you
Meaningless without you, life

20

Melt

You sit in my left side
Silently you seeing my eyes
When I see you my love
Your face is very shine
You feel my heart’s emotions
Think me but I will die
You are giving me drugs of love
Without you, life doing unlight
Slowly-slowly you melting body
Without you, ruined my life
When you memorize me all day
Your memory me like a snake bite
When will come O my darling
Do it me, in your love hypnotize

21

Imagine of heart

With you, I want to dance
You give me one chance
I wish to kiss you
Please catch me your hand
Put my hand on your neck
Come on babe in my arms
Listen voice of heart my babe
Come on, you look on back
When think you my goddess?
My desires doing daily blast
I daily your wait my love
Without you, daily cries heart
Let you come once again

What is the earth like a black magic?
No exist the life where exist soul on the sky

23

Breaking all in my mind
Sorrows of heart is killing
Doing my emotions suicide
Lost my breaths where is
No anyone is my behind

But no happiness in life
Where you go my Lord
Morning to evening I cry
Connected to my breaths
If went somewhere I find
Destiney is lost where is
Now becomes my life blind

24

So sunlight fire me without you
How is loving time then see

Why not exist in here really
Let you come and spend time
Mentally happy I want to be
Crying my passions in evening

When you leave me alone
Passing my time without badly
Meet me you in my dreams
Don’t know who is she?
When will you meet me?

Thinking of spirit is slowdown
How have to other to affair
Long time don’t feel the soul
But can’t to body and soul compere
Can’t looking would to eyes?
So it becomes nightmare

27

Every time from you I think
In my eyes you may look

See my health once you come
You stay in everywhere
To find you, tried my luck
Then you piece of my liver
Finally you flow in my lungs
Tears are flowing in my eyes
Once you come, let’s hug
When you catch my hand
Somewhere far with you I run
Desire lives with you my Love
I don’t know how I stuck

Proof

In the literary work "Amir Maseem" combines personal experience with universal emotions in "Eternal Passions of Heart," a confessional and contemplative poetic work. The poems are grounded in lived reality and use hardship rather than hopelessness as a basis for emotional depth. In addition to being romantic, love is portrayed as a transformative force that molds resilience and identity. Images of nature reflect inner feelings and provide peaceful, enlightening moments, making them a contemplative space. The collection as a whole places a strong emphasis on self-reflection, sincerity, and emotional authenticity, utilizing poetry as a means of relating the author's individual experience to the universal human condition.
